Good morning,

Let me share our story and our passion with you this morning.

Gracia Child and Youth Care Centre are situated in Pretoria-North,

We home 80 children.

From the age of 3 till 19, due to the law the child needs to leave the premises when they turn 18, but what if the child is only in Grade 10 at the age of 18 and has no where to go, or even if he/she returns home, they will never finish school.

We have children in Voortrekker Eeufees Primary School, Gerrit Maritz High School, Prospectus Nova, Via Nova, Nuwe Hoop, Suiderberg High School, Pretoria-North High School, Danie Malan.

You can just imagine the up and down we need to travel to make sure all our children are safe. And to get on time at their destinations, and that is why transportation is very important to us.

Trudie made sure in our Constitution stands that while the child is still attending school, he/she will stay on at Gracia CYCC until they finish matric. And they will also enjoy and use the privilege to participate in their matric farewell.

All our children have been placed with us by a court order.

And some of our children do not ever see their parents again, some are left behind and abandon.

They have been removed from heartbroken situations, stories that will give you the chills, things that they have been through that no one must ever go through.

And then some stranger comes and take you away from your parents, even if it was for the best to your health or emotional wellbeing. But they do not understand why, cause since birth my parents cared for me and was there for me, no parents will ever teach a child that what they are doing is wrong – they will use the words, ‘because I love you’.

We do not receive any funding from our government, even thou they have list of rules we need to engage and standard we need to keep up. There is no funding from them.

Al our day-to-day tasks we try to for fill with projects, we are truly blessed with donations we receive from our community, friends and family. The food donations and sometimes a visit from a group of angels.

Our expenses a month are very high, just the normal accounts, Water & Lights, Pharmaceutical Bills, Diesel, Food, Bread, Milk, Repairs, School clothes and Accessories throughout the year, Gas (for our stoves), School outings, Sport Clothes and Accessories, Salaries (Staff & Cleaning & Social Worker), Telkom & Internet, and so much more.

Our dream this year is to provide our home with transportation.

Currently we have one taxi and one small vehicle, so we are in dire need of transportation. When we do get the opportunity to travel for an outing or any invitation we must decline sometimes this invitation.

To hire a bus, the expenses, differ between R 5 000 to R 8 000.00 al depends on where we need to travel to.

Even when we need to travel for church, school or a nearby outing, we always have to leave the home hours before the time, drop off and to come and pick up the second group, so our days always usually starts early, but day’s like this.....much earlier.

We dreamed off buying a 40 seater + bus, but the cost to a bus like this is much higher than a Taxi.

I have done some research, and the price differs from bus to size.

I have attached photos with prices.

Our treasurer informed me that we have a R 200 000.00 in the kitty for the bus so far, and that we need to put work to this opportunity to make this dream come true.

It will be amazing to make this happen.

The joy of safe travel. And to can accompany all our children and not just those we can transport.

We are really working hard to make this opportunity take place withing 6 months if not less. We have a planned Golf Day on the 15th of November 2024 at Akasia Golf Club.

We do hope and pray for a successful day, and if we do touch your heart, your contribution will make this dream come true.

An outing for a child sound silly to us, but for them it is very important, not just getting dressed and being excited, but to learn about the world outside, to see things some have never seen before.

At this moment they see the house and the school.... And you can only see so much of the same scenery, the way we felt in Lock Down. Please do see the pictures, the faces just explaining why an outing makes a difference in the heart... and build a memory that will last for ever.

We would like to take our children on more adventures.

We thank you for your time and we thank you for your love and care, thank you for making dreams come true, and thank you for sharing your hard work with us.

The achievement of sports as well. They do so well in Rugby, Ringball, Netball and Softball.
